Notes..

follow the guidance listed here for your quilt feeler stands dependant on how many stands you have in store. For stores with 3x feeler ends we have now added Mattress Protection displays..

Fogarty Temperature Balance 4.5 tog Single

EL Cotton Lightweight Single

Fogarty WDFD 4.5 Tog Single

Hotel Luxury Cotton 7.5 Tog Duvet Single

The above 4 lines in lime are now resting for Winter. These need to come off the stands until SS27.

Highlighted in orange are continued lines but were resting for Summer.

If any samples are looking tired, please refresh them and write them off through SAP – under Display Stock.

Stores with 3 Stands, that aren't ranged for comfort zone toppers, these are being allocated to stores. Stores that are ranged please write off using normally display process.

Implementing your feeler stand..

1. If you have 3x Feeler Ends then follow the new flow to condense Quilts onto the first 2 to free up the space for Mattress Protection.
2. All samples to be implemented using the guidance provided on the previous pages
3. Use the clips on the frame to attach the samples
4. If the clips do not grip the product enough, then add a 650mm riser to the top of the product inside the protector and clip onto that which will give it a sturdier surface to attach to (see photos)
5. Add your A4 POS to the arms
6. Ensure you attach your bay locator POS on both the Feeler End and your Mattress Protection bays

650mm risers

Insert into top of
mat pro lines

Clip to the frame

Choosing your topper & protector

- Ideal for adding thickness and additional comfort
- Anti-allergy protectors for allergy sufferers
- Cooling protectors to regulate body temperature
- Waterproof toppers for practical protection to prolong the life of your mattress

Choosing your bedding protection

Bedding Protection - Bedding and mattress protectors are great for maintaining the life of your bedding.

Mattress Topper - Mattress toppers can help to provide you with extra support and comfort whilst you sleep.

Anti-Allergy
Dust mite resistant and helps prevent the growth of bacteria for a fresher night's sleep.

Machine Washable
For easy care to make your protector last for years to come.

Waterproof
Ensure a dry night's sleep without compromising on comfort.

Temperature Regulating
Helps to absorb and disperse body heat to regulate your temperature throughout the night.

Memory Foam
Moulds to your body to provide premium support and helps to relieve pressure points.

Elasticated Corner Straps
To help keep your topper secure and in place while you sleep.

Sleep soundly with our extended range of mattress protectors and toppers at [Dunelm.com](https://www.dunelm.com)

Protection Slat Wall..

Please use the image to the left as guidance on how to merchandise the slat wall – ensuring displays are added at the top using a prong and pinned in place with pin tags. These will then need a DST adding.

If this display cannot be completed on the end of the pens, aim to replicate if on an available slat wall adjacent to the department.

Highlighted in orange is the list of the display.

*Health and Safety – Please use euro hook slat wall hooks not single prong hooks.

Please merchandise the following Pillow Protectors together on your Quilt Pen Slat Wall
